Helicopter Emergency Crew

Introduction

The course aims to provide the knowledge and skills for personnel to perform effectively as Helicopter Emergency teams with a strong emphasis on practical emergency fire work.

Target Audience

All personnel assigned to helideck emergency / fire teams.

Course Syllabus:

This course consists of a series of theory presentations followed by practical demonstrations and candidate participation.

By the end of the program, participants will have acquired competence in the theory and practice of the following:

- Understanding of helideck operations and safety requirements/procedures (as per ICAO Standards)
- The movements of passengers, baggage and cargo to and from helicopter
- Familiarity with different helicopter types and their operation and emergency procedures
- Ensuring adequate fire protection is provided for each take off and landing
- Familiarity with management of dangerous good (DC).
- Helicopter refueling and procedures (offshore)
- Basic marshalling signals
- Shutdown and security of aircraft on helideck
- "Hot" refueling procedures
- Practical "live fire" drills and scenarios

Competency

Satisfactory completion of the written and practical assessment elements is a prerequisite for successful award of certification.
