

About This Course

STCW Elementary First Aid (EFA) is designed to form part of the minimum Basic Safety Training programme for seafarers and is a mandatory requirement for anyone who wishes to work at sea.

The aim of the course is to give all delegates a basic knowledge of the immediate actions to be taken upon encountering an accident or other medical emergency on board. The course teaches basic first aid and life-saving skills and emphasis is placed on practical work during training.

Delegates are assessed throughout the course by direct observation, simulation and role play. The course covers:

- Applying immediate first aid in the event of an accident/injury on board ship
- Cardiopulmonary resuscitation (CPR)
- Fractures
- Heart attack, choking & asthma
- Treatment of bleeding, burns & shock
- Transporting a casualty on board ship

The course is also included in our **STCW Basic Safety Training Week**.

Certification

On successful completion of the course, participants will receive an Elementary First Aid (EFA) certificate approved by the Liberian Registry, the world's largest quality registry.
