

## About This Course

STCW Proficiency in Security Awareness (PSA) is designed to provide those on board merchant vessels who do not have designated security duties with the essential maritime security training which meets the knowledge, understanding and proficiency requirements as set out in the STCW Code.

PSA training must be undertaken by all seafarers employed or engaged in any capacity on board any ship which is required to comply with the ISPS Code. The course provides both a practical and theoretical mixture of training including:

- The ISPS Code
- Recognising security threats
- Security roles and responsibilities
- Company and ship security requirements
- Security threat levels
- Security measures and procedures
